

# Great Escape

Moneen

Blame it on a century  
Blame it on yourself, a way out

Blame it on the fact  
There's fingers pointing at the way out.

Don't ask why  
Blame it on the way out

Don't ask why

Great escape I  
Great escape I  
Once had

What are you searching for?  
What are you waiting for?  
Tell me what you're living for  
Today?

Blame it on the freedom  
Blame it on a chance your way out

Blame it on excuses  
Blame it on a thought your way out

Don't ask why  
Blame it on a way out

Don't ask why

Great escape I  
Great escape I  
Once had

What are you searching for?  
What are you waiting for?  
Tell me what you're living for  
Today?

Don't look forward  
'Cause I won't look back  
(Hey)

Great escape I  
Great escape I  
Once had

What are you searching for?  
What are you waiting for?  
Tell me what you're living for  
Today?

What are you searching for?  
What are you waiting for?  
Tell me what you're living for  
Today?
