

Madness!

Moneen

You're mine (see it in your eyes)
I know you (settled down)
Your eyes (simple signs)
Who are you? (who am I?)
(Settle right now, settle right now, settle)

You're ready for your life
You're ready for a sign
A setup, a setup, come alive
You're ready for your life
A sadly setting sun
A setup, come alive

Your eyes (they wander 'round)
Don't mean to (settle down)
I love you (to be around) love you
(To wander 'round) I'd love to settle down
(Settle right now, settle right now, settle)

You're ready for your life
You're ready for a sign
A setup, a setup, come alive
You're ready for your life
A sadly setting sun
A setup, come alive

Ready for your life
A sadly setting sun, a setup

Ready for your life (ready for your life)
Ready for a sign (ready for a sign)
A setup, a setup, come alive
Ready for your life (ready for your life)
A sadly setting sun (sadly setting sun)
A setup, a setup
A setup, a setup
