## Money Man

(Run it back, Playboi)

Okay, I'm fucking with her intellect, her head game off the charts  
Some niggas scared to get this money, guess them niggas would rather starve  
My partner was gamblin', playin spades, he lost his life from playing cards  
Where I'm from, you might get ate alive if you ain't stiff or hard  
If we caught together and that's my work, then I'ma take my charge  
I'm with my Arab out in Cali and we somewhere on the farm  
I don't do that plain jane shit, I'm bustin' down my charm  
Just to show the gang I love 'em, I got it tatted on my arm  
On the shroom, I went to Neptune last night and got abducted  
Tryna keep my faith in God, but these racks got me corrupted

He ain't never took a life, so he don't know how that shit feel  
He ain't never had to dump a hundred bags to pay the bills  
He ain't never had to hit the plug to put food in his kids' mouth  
He never been evicted from his 'partment and got kicked out  
Switches on my Glock, you niggas ain't the only ones who got 'em  
Everything I do is for my daughter, I got her spoiled rotten  
Reversing in my auto, makin' sure my back ain't to the crowd  
Can't trust none of these pussy niggas, I know they might try and knock me d  
own  
Police be some bitches, they just wanna come and lock me down  
State Farm arena, hop out with this blicky and hawk 'em down  
All my bitches got plenty 'bout they self, they ran they bag up  
They don't respect you in your own city, somethin' ain't addin' up  
I can't save these hoes, ain't no cape on me, I set 'em free  
If you on that, then I'm on that, I'm just matchin' niggas energy  
Brand new Rover, had to pay a fifty over sticker price  
You can't hang around me 'less you scammin', steppin', or you swipe  
Where I was raised, them niggas gon' take your chain if you act too polite  
Two fires on me right now, got a dirty and a legal pipe  
FTX arena, in Miami ridin' with the heat  
Growin' up, I use to sack up zips while watching Dawson's Creek  
Her pussy need to be in the hall of fame, that shit is too elite  
Took her shopping, then we fucked for hours in the penthouse suite  
High just like an eagle, I'm in Philly with this SIG Sauer  
I'm tired of losin' partners to the system, I'm tired of paying lawyers  
My newest hitter straight from Pompano, he resemble Yak  
If swiper done took your shit, then it's a wrap, you can't get it back
