

(Yung Lan on the track)  
(James about that check, boy)  
(Ayy, where you get that beat from? Mooktoven)

You can give me anything but fed, that's hard to handle  
When they came and took my dawg, that shit was hard to handle  
We don't care 'bout beef inside the streets, that shit get handled  
I just gave her drip, I put that LV on her sandals  
I just gave her drip, I put that LV on her shoulder  
Distant from my family, sometimes I wish we were closer  
Grew up with exotic, sometimes I was actin' broke  
Only two pairs of shoes for the schoolyard, I got roasted  
Now I got two M's inside the bank, I'm feelin' cultured  
Highrise in Hawaii, I'm just kickin' it, viewin' the ocean  
Punchin' these numbers online while lil' Sara watchin' Frozen  
Gotta get these racks 'cause I'll be damned if we end up homeless  
I can't make this up, these bitches love me like Makonnen  
Nigga, in the streets, I'm a warrior just like Kony  
I just went to Safeway and you know I swiped for groceries  
She my unicorn, she finna ride me like a pony, yeah

Even if I fall today, my legacy gon' live on  
If I fall today, my kids gon' reap all my rewards  
If I fall today, my bitch gon' miss me when I'm gone  
If I fall today, whoever did it get knocked off  
My pops had told me, "Keep your hitter, don't let 'em try you"  
"And keep your soul inside your body, don't let 'em buy you"  
"And keep it slick and watch for 12, don't let 'em fry you"  
"And shit on all your haters and make them niggas despise you"

I done lost so many partners just to violence  
Any nigga come with smoke, he gettin' silenced  
Any nigga come with smoke, we puttin' his flame out  
I bought them navy blue Balencis soon as they came out  
I ain't tuckin' shit, everywhere I go, my chains out  
I ain't tuckin' shit, everywhere I go, my diamonds shinin'  
Need to relieve some stress, my bitch pulled up in perfect timin'  
They tryna take us down, they tryna crumble my infrastructure  
They can't break this bond 'cause me and lil' bro good brothers  
Can't front nobody, niggas ain't have no love for us  
He paid in twenties, so my clientele got dubs for us  
Entered the ATM, that bank card, it had dubs for me

Even if I fall today, my legacy gon' live on  
If I fall today, my kids gon' reap all my rewards  
If I fall today, my bitch gon' miss me when I'm gone  
If I fall today, whoever did it get knocked off  
My pops had told me, "Keep your hitter, don't let 'em try you"  
"And keep your soul inside your body, don't let 'em buy you"  
"And keep it slick and watch for 12, don't let 'em fry you"
