

From the Jump

Money Man

I'ma shoot from the jump nigga
OG I'm a blunt nigga
If you ain't silent I don't fuck witcha'
If shawty bad try to come and see ya
If she loyal then you gotta keep her
Whirlpool I'm an anti freezer

And I had to bring a stick with me
Wrist cold it can melt dog
Half a rack for the belt dog
Niggas jealous and they schemin so I gotta stay with it
I let her loose I don't play with her
I catch a plane just to re up
Closed mouths don't get fed dog
So you niggas better speak up
Shawty bad I'm tryna come and see her
If she loyal then you gotta keep her

Twenty grand nigga on sneakers
Reefer loud like some club speakers
Tell the truth keep it real with me
That's the only way to deal with me
Ya'll wasn't in the field with me
Feds tryna interfere with me
Did a show I brought a pound with me
UPS I might ground it
Or money grey hound it
Lil shawty is gonna hold me down
Only real ones they allowed around
Choppas on me we got six rounds
And we might [?]
See the way the club curve around
See the way everybody curve around
I'ma shoot from the jump nigga
OG I'm a blunt nigga
If you ain't silent I don't fuck witcha'
If shawty bad try to come and see ya
If she loyal then you gotta keep her
Whirlpool I'm an anti freezer

And I had to bring a stick with me
Wrist cold it can melt dog
Half a rack for the belt dog
Niggas jealous and they schemin so I gotta stay with it
I let her loose I don't play with her
I catch a plane just to re up
Closed mouths don't get fed dog
So you niggas better speak up
