Money Man

I really just need you to please me  
After that she go cookin' and feed me  
I got partner with multiple homicides  
They ain't got respect for a human life  
Cocky bitches say I'm arrogant  
Better get you a bag its imperative  
Long long nights workin'  
Gettin' rich is the purpose  
She picturesque, she look glamorous  
She lovin' my life that shit glamorous  
From the trenches, but now I look glamorous  
Seen some shit that would mentally damage her  
Drew a line don't you come stick around me  
I surprised her, and now I look glamorous

Drug trade, I got my hands in it  
I need your kitty, I need me a fix  
To the courtroom, I be pleadin' the fifth

Called her phone and told her come right now

Real gorillas yeah, we go primitive  
We ain't tellin' shit we taken seriously

Pickup full of packs, part it right here  
Unloaded now, I think the coast clear  
There ain't nothin' but dope and guns in here

Baby make a name for yourself  
Go and get some bodies underneath your belt  
He was slick dissin' it ain't end well  
Send a bitch to him, needed intel

We took that pack right to North Dakota  
We not going for that, baby keep it peaceful  
You don't know what it's like to see dead people  
She gone follow my lead, she cooperative  
She gone do what I say, not the opposite  
I was younger and hanging with older niggas  
They gone take they life, bro we stand over niggas  
We got money fallin' out the sky  
We got Desert Eagles and a nine  
My girl a Taurus and a blick too  
We gone let them steel jackets rip through  
Took a fallen soldier, yeah I missed you  
I'll never ever forget you
