

Life Hack

Money Man

(JKari, what you got for me?)

(Alawais)

Niggas stuck inside a box, they don't know what they should do
They got people downplaying them, so depression is they mood
I can't tell you how to live your life 'cause I ain't in your s
hoes

But I can give you a couple hacks to have your way and work you
r move

First you get three, four of them unsecures and put them on you
r pro

Then you let 'em build for a couple months, then order up some
more

I'm tryna put you down on knowledge, there's some shit they don
't want you to know

I'm tryna take you out the hood and take you places they don't
want you to go

A nigga crash and burn your crib, get you a hundred and start a
bid

Most these niggas who tell you not to, in reality, ain't got sh
it

Tried to put the mask on, but there was too much disagreement
You gotta dictate your surroundings, you gotta be very strategi
c

Don't just sit around and hate on niggas who really havin' M's
If you've been broke for ten years or longer, you need some bet
ter friends

Don't you ever regret no losses, learn to take it on the chin
'Fore I ever go dead broke, I'll go and purchase me a BIN

Why the fuck you strong-

arm robbing when you could swindle institutions?

You can make millions from this shit, that petty crime you do i
s stupid

Every method that I had, I took that shit and I abused it

I would really strike for jewelry 'fore I started doing music

Ain't none of these rappers on my level, I can really change yo
ur life

Every publishing check I get, I spend it on some brand new pipe
s

If you from the bottom and tryna get out, then me and you alike
I can put the streets on and that's something the government do
not like
