Real carnivore, I'm a Kodiak Bear
Damn bae, I love your lashes and your hair
Have you ever fell in love with a demon
Have you ever made love to a stepper
Last year was cool, but this one better
Last bitch was cool, but this one better
You can't leave the circle, it's for ever

East side with the stompers
Cute bitch, she a Blondie
Up the murder rate if niggas wanna take it there
Got a scale and 100 bags in here
Chopper of the year, Scammer of the year
Make it disappear, make the pack vanish
Bitch, I don't want these rings on no more, make a decision
I just put the Eurus in the hood, and I didn't need permission
Boy, you step inside the street, look both ways
Had the same Gucci fit about three days
Do the whole thing rolls up the guard
Too bad she had to go hard
Need a bag, she had to go ape
The blackout make a nigga feel safe
I feel like Courage, nigga fuck everybody
Late night, I got the younglings terrorizing
Ten Hermes bags in the back
Hit the nigga, you been stealin' out the pack
Never talk about your dog to a bitch
Lame ass nigga had me disappointed
Pull up on the mega rolls Royce
Up a big play, I'm having big paper
Real talk, I need a real big freak
Trap adding, make 100k a week
At the airport, and my luggage Louie V
800 for a plain Dior T
Spend that shit and make it back times ten
Load that shit and make it back times 20
White Rolls same color snow bunny
Real steppa, get a nigga deathwish
