

Opposite

Money Man

(CorMill)

She said, "I love you," I said, "I concur"
Ice on my neck, feel like Gucci mane, burr
Try and rob, I'll leave you one with the earth
Hit her and quit her, she said I'm a jerk
Bitch, I'm on shrooms, I ain't taking no Roxies
Switch up the VPN, switch up the proxy
Get to the money, I'm trustin' the process
Eight figures up, but I still hit the projects
She actin' shy, but I know she the opposite
No, I'm not broke, yeah, you know I'm the opposite
She feelin' on me, we touchin' and fondlin'
Yeah, yeah, my documents fraudulent
Yeah, yeah, I count it approximate
Hop on the beat and I give you my testament
If I'm 'round snitches, I'm out of my element
Go check my jacket, I'm fully accredited

Keep that shit cool, nigga, watch how you gesturing
Watch what you say, nigga, watch who you mentioning
Walk in the spot, get respect when I'm entering
I'm uppinn' this fire, I'm not with the bickering
Custom made handguns and rifles inside of my crib, I'm buyin' and buyin' and
buyin'
Nigga get brave and run up inside of my crib, he dyin', he dyin', he dyin'
Lil' bitch from Jackson ridin' with me, she packin', and she be really attractive
White boy from Boston, I keep his ass around, that nigga really be hackin'
Fuckin' professors and lawyers, this shit is crazy, I'm in a whole new bracket
He thought he had him a lick, I left him bloody, damn, the scene was graphic
Binary trigger, it sound like a switch
Big Money smart as hell, findin' a glitch
Wooden black AK up under my trench
She havin' water, she leavin' me drenched
Come on lil' mama, quit actin' so innocent
She got a fat ass, she love when I'm rubbin' it
.300 strong, it got kick when you bustin' it
