

Pigeons

Money Man

She do not talk to no workers (No)
All she want is her boss (Boss)
I told her come to the loft (Loft)
I told her come take it off
Lil shawty fine and she temptin'
She wanna rev up my engine
My niggas turn into Gremlins
Whip up and serve you a Pigeon

She told me money man I want me a baby
I turned around and said "Bitch is you crazy"
None of this shit on my neck fugazi
My dogs be growling and foam in' like rabies
I told Lil shawty you fine and you temptin'
Hop in the foreign and lock up the engine
Meet you at Kroger and sell you a Pigeon
Cooking up inside an updated kitchen

She do not talk to no workers
All she want is her boss
I told her come to the loft
I told her come take it off
Lil shawty fine and she temptin'
She wanna rev up my engine
My niggas turn into Gremlins
Whip up and serve you a pigeon...
Lil shawty fine and she temptin'
She wanna rev up my engine
She do not talk to no workers
All she want is her is a boss
I told come to the loft
I told her come take it off

She wanna hang with a boss
She wanna view in the loft
She said her ex nigga soft
I hit her then cut her off
Pull up and serve you a eagle
Then I pull off in a Regal
She said I wish you was mine
I said you losin' yo mind
How about a Rollie to tell me the time
I roll that pressure to ease up my mind
Choppin' it up with the plug on the line
I ran it over with the kitchen on mind
She want to rev up my engine just like a 455
She said I am the realest alive
I got a shark for my zodiac sign

She do not talk to no workers
All she want is her boss
I told her come to the loft
I told her come take it off
Lil shawty fine and she temptin'
She wanna rev up my engine
My niggas turn into Gremlins
Whip up and serve you a pigeon...

Lil shawty fine and she temptin'
She wanna rev up my engine
She do not talk to no workers
All she want is her boss
I told her come to the loft
I told her come take it off
