

## Ryu

## Money Man

Like a mouse I'm on cheddar  
Just ridin' the Jetta  
Hitting nothing but pressure  
Got the growhouse in AU  
Push a Bentley like AU  
She wanna kick it like Ryu

Keep me a Glock for survival  
I'm chiefin' I'm feelin' so proper  
But this shit don't come with no policy  
Come on lil mama lets go get some privacy  
Me and BC got a lot of camaraderie  
Shootin' at opps we got eyes like a rivalry  
Please put your hand on the bible don't lie to me  
Hit the blunt then go to space like Astrology  
I see the hate like this shit out Mythology  
Niggas are bitches and I see it chronically  
I'm doing em' harm and I'm doing it bodily  
Show you lil niggas the way you should follow me  
Bitch I'm a boss so you watch how you talk to me  
She give me head and she give it so sloppily  
She got her juice runnin' down on top of me  
Fuck it we might just go fuck on the balcony  
Took all my shooters and put em on salary  
Bitch I'm a king so call me your majesty  
Back in the day these lil niggas would laugh at me  
Now I'ma tax em when they want a bag from me  
Just sat a bale on the sofa that I got from Haverty's  
I'll bring it right to you, you know that I'm travelin'  
10k a play's what I'm usually averagin'  
Run up your neighborhood then we gonna ravage it  
Wrap up our heads like we live in some palaces  
Minus the packaging we on some trappin' shit

Like a mouse I'm on cheddar  
Just ridin' the Jetta  
Hittin' nothing but pressure  
Got the profile in AU  
Get a Bentley like AU  
She wanna kick it like Ryu  
She get wet like a bayou  
Keep a Glock for survival  
Leave a nigga expired  
When I hit I'm inspired  
BC we from the valley  
Flying pit like a pilot  
In my city I'm a giant  
Jewelry lit up like lightning  
Do a dash in the foreign I'm driving

Watch out now when you acknowledge me  
I'm on that hill like psychology  
I'm in Margiela's and frolicking  
Say what I want I don't give no apologies  
Brought up on honesty  
Dressed in designer but no I'm not modelin'  
Hanging with goblins feel like a trick

Got the 223 choppin' em not UGK we got UPS boxes in  
All of my cool niggas hang like apostrophes  
Kodak shit nigga I'm sellin' the broccoli  
Athletes and rappers they come through the shop with me

This shit I'm sellin' got very high potency  
Ya'll stay close to me they in the system  
Knew he was cappin' got great intuition  
I want them driving the newest edition  
All of these racks I can't pull up my britches  
Always recordin' no time for these bitches  
My gas be stronger your shit just a whisper  
Drinkin' no medicine this ain't no liquor  
I'm probably gonna fuck up my kidneys and livers  
I came on her lap but she came a lil quicker  
Having these racks I ain't studding these niggas  
You say you the plug let me politic wit' ya  
We stackin' that money and tryin' to get richer

Like a mouse I'm on cheddar
