

Understanding

Money Man

Ain't got a thing to prove to a nigga
Ya'll niggas listen to me like scripture
Just put my BM on the side of a house
Just so she can start running her mouth
Baby why you tryin' to tease a nigga
He ain't official I can read the nigga
We need come to an understanding
You seen the water diamonds on the desk
She got that dress on with no panties
Niggas perpetratin' I can't understand it
He ain't living right he too fragile
How the fuck you gonna win the battle
Roll up the pressure then we think about
All the money we finna make
All the money that we finna make
Yeah

I'm trying to turn a penny into a dollar
I had to ride on a plane with a beat
I had to step on a motherfucking [?]
I was trappin' before I dropped a CD
I had trafficking down to a T
Family of growers show the nigga love
He made a nigga profit from the bud
It was some good I know she fell in love
She hop on top a drunk nigga crazy
He not a plug his prices outrageous
She got that dress on with no panties
I got that strap on with no panic
I got the shooters with me don't panic
We gotta come to an understanding
John Travolta diamonds on me dancin'
Young nigga living by my every word
She know I'm rich listen to my words
Bald nigga just caught a wave
Only thing to do is stack the safe
Bust the chopper just to feel safe
Put a hunnid in the floor safe
Get to sippin' nigga no way
Catch me down man no way

Ain't got a thing to prove to a nigga
Ya'll niggas listen to me like scripture
Just put my BM on the side of a house
Just so she can start running her mouth
Baby why you tryin' to tease a nigga
He ain't official I can read the nigga
We need come to an understanding
You seen the water diamonds on the desk
She got that dress on with no panties
Niggas perpetratin' I can't understand it
He ain't living right he too fragile
How the fuck you gonna win the battle
Roll up the pressure then we think about
All the money we finna make
All the money that we finna make
