Ask her does she like workin' out?  
She does some audio's  
One, two, three, from the back we doin' cardio (For real)  
Pardon my blackness, pardon my lingo  
I like bein' private, I don't do people  
Don't compare me to your old boyfriend  
Really retarded, we are not equal  
Walk in the club, when I saw you in here  
I knew I had to have you, I'm seein' you watchin'  
Man, my hustle and I am not stoppin'  
I'm walkin' around wit' a brick in my pocket  
Deep in the paint, but I'm no Dennis Rodman  
I look like a killer, you want me inside you  
I caught a few bodies that I don't acknowledge  
My ultimate goal was to go back to college  
I'm in the Porsche and I put it in drive  
What is your IG and why you don't model?  
I'm lovin' your body, you shaped like a bottle  
You 'posed to be somebody's baby, I'm honest  
I love what you doin', collectin' your dollars  
Leave with me, forget all your problems  
Soft kisses, all on your vagina  
Picture me givin' you dick on an island

Small waist, it's a halo
