

Freak

Moneybagg Yo

I fell in love with a freak
I'll be the first to admit it
Shawty had a nigga mind gone
Nose all in the ceiling
She suck me up good, what a feeling
She from the hood but she pretty
Yellow bone with some brown eyes
Pussy good but she tell lies
I fell in love with a freak
I'll be the first to admit it
Shawty had a nigga mind gone
Nose all in the ceiling
She suck me up good, what a feeling
She from the hood but she pretty
Yellow bone with some brown eyes
Pussy good but she tell lies
I fell in love with a freak

Can't tell 'em how a bitch did it
I'm real, I admit it
Shawty had a nigga too open
Like a wet floor, I was slipping
Puttin' friends all in her business
Lying on my name like I'm tricking
You the only one I want baby
Told me all kind of lies while I'm hittin' it
But I just want the money baby
Even though shawty suck me the long way
Giving head all on the E way
Had a nigga gettin' off on the runway
Goddamn what a feeling
She be flossing like she don't fuck with niggas
On god she can catch her a charge
Head shot, sex gunnin', killing
You don't get shit with a hood bitch
But a sucker fuck 'cause you're hood rich
Probably think you got a main thing
She just really want you 'cause you got a name
I fell in love with a ho
Should've known she'll go
From now on I fuck 'em and dismiss 'em
Won't let it happen no more

I fell in love with a freak
I'll be the first to admit it
Shawty had a nigga mind gone
Nose all in the ceiling
She suck me up good, what a feeling
She from the hood but she pretty
Yellow bone with some brown eyes
Pussy good but she tell lies
I fell in love with a freak
I'll be the first to admit it
Shawty had a nigga mind gone
Nose all in the ceiling
She suck me up good, what a feeling
She from the hood but she pretty

Yellow bone with some brown eyes
Pussy good but she tell lies
I fell in love with a freak

Wasn't freakin' if you wasn't a hundred freak
Then I would've knew how to treat you
[?] every time you tie me
Let my niggas get a slice like a pizza
One hand on the top of her head like a toupee
Dick in her mouth like it's toothpaste
Shawty eat me like a fruitcake
Then I skate off like I'm Lupe
Probably thought you had somethin' good by the way she looked
Another nigga more than you come around and now the bitch took
For a minute kinda fucked me up man, I had to bounce back
Now she see me up, wanna come back
Like August, told the bitch fall back, I'm straight
Like Xbox shawty play with a nigga head, a nigga mind outta here
Had a nigga lookin' for a high low
Nose all in the atmosphere
Shawty drove a nigga too crazy
Like a black man behind the steering wheel
Love another bitch
Hell nah, probably never ever ever will

I fell in love with a freak
I'll be the first to admit it
Shawty had a nigga mind gone
Nose all in the ceiling
She suck me up good, what a feeling
She from the hood but she pretty
Yellow bone with some brown eyes
Pussy good but she tell lies
I fell in love with a freak
I'll be the first to admit it
Shawty had a nigga mind gone
Nose all in the ceiling
She suck me up good, what a feeling
She from the hood but she pretty
Yellow bone with some brown eyes
Pussy good but she tell lies
I fell in love with a freak
