

Important

Moneybagg Yo

All this ice on me, I'm cold, I need a Montclair
All this water on me, I'm wet, I need some swim gear
I fuck bitches by the threes, I don't do the pairs
And I only fuck with the gang, I don't do the squares
She call me daddy when she see me, yeah she glad to see me
I was starvin', now you see me on your plasma TV
I hit the gas and get on my level, and it take me there
I just might spazz, I just might crash
If they don't play me fair
Glock nine on me all in my shows, tucked in my underwear
And I'ma blow it if a nigga try me, please don't take me there
Guap all in my pocket look like thigh pads
When your belt cost a lot she like why sag?

I leveled up, I feel important
Came up with this without a chorus
About my green like a forest
In your city like a tourist
Where your hood, where your whores at?
If you want problems don't avoid that
I leveled up, I feel important
I leveled up, I feel important

I'm hearin' voices sayin' flex on 'em
I'm whippin' dope with the Patek on me
I'm always good, ain't gotta check on me
She hit me up, she wanna sex on me
I'm a dog, I'm a pit on 'em
Giraffe head, she got a neck on her
Bust in her face, made a mess on her
And she didn't wipe it off, she just licked on it
The drank got me pudgy, the Audemar floody
I'm on they ass like some Huggies
I know I got clones, they wanna get on
They get in they zone and study
Tell the label open up the budget
Let's run up them numbers like fuck it
Ropes on me, double dutchin'
I don't know you so I'm clutchin'
I wasn't at no BET Awards
I wanted the XXL
They didn't wanna give me my recognition
Like my shit ain't hard as hell
Oh well, guess they thought I would fail
I told 'em time will tell
I went and bought my whole squad cars
No I ain't talkin' 'bout 12

I leveled up, I feel important
Came up with this without a chorus
About my green like a forest
In your city like a tourist
Where your hood, where your whores at?
If you want problems don't avoid that
I leveled up, I feel important
I leveled up, I feel important

I leveled up, I feel important
(I leveled up, I feel important)
I leveled up, I feel important
I leveled up, I feel important
(I leveled up, I feel important)
I leveled up, I feel important
I leveled up, I feel important
