Moneybagg Yo

Hello? why the fuck is you just on the phone  
You is not at the motherfuckin' studio, like  
Quit playin' with me  
I'm finna FaceTime you right now  
Answer your FaceTime

Why you gotta be insecure?  
Keep all your friends out your ear  
How you gon' let 'em comment on your situation when they shit ain't secure  
Just to be real with you, mad ass hoes probably wish they were here  
They see how you livin', they see how you ridin'  
Takin' trips and hop on the Lear  
Why you gotta be insecure-cure?  
Why you gotta be insecure 'bout it?  
I told you I'd always be here, here  
Why you act like you ain't sure 'bout it?  
Why you gotta be insecure-cure?  
Why you gotta be insecure 'bout it?  
I told you I'd always be here, here  
Why you act like you ain't sure 'bout it?

Let me just make this shit clear, clear  
I fuck with you tough, I'm for sure 'bout it  
Can't believe everything that you hear, hear  
You gotta stay away from everybody  
I got you ridin' in the year, year  
I went and copped you that new Audi  
You stayed down, put up with my shit  
Back when a nigga was nobody  
You gotta accept all the flaws that come with me  
I'm tryna build, I ain't tryna lose ya  
You gotta understand bitches tryna trick ya out spot  
By spreading the rumors  
You so insecure to the point I want cut you off  
Every time I leave you think I'm fuckin' off  
I'm goin' out the same way a nigga came in  
Hard, like you ain't got nothin' soft  
When you in your feelings I give you the dick  
Hopin' it make the situation better  
I know this shit new or whatever  
But you gotta understand I'm on a whole 'nother level  
How you gon' criticize my love for you  
Bought this out the mall, blew a dub on you  
That's the real me when I hug on you  
I fuck with you heavy, ain't no sub in you, hey

Why you gotta be insecure?  
Keep all your friends out your ear  
How you gon' let 'em comment on your situation when they shit ain't secure  
Just to be real with you, mad ass hoes probably wish they were here

Why you gotta be insecure-cure?

Why you gotta be insecure 'bout it?  
I told you I'd always be here, here  
Why you act like you ain't sure 'bout it?

Why you always actin' mad?  
Always bringin' up my past  
You in your feelings 'bout a ho that don't matter  
Know that I'll give you my last  
Your sister and cousin all in your business  
Like girl quit fuckin' with Bagg  
I seen him out of town with another bitch and she don't look shit like your  
ass  
You gotta ignore the rumors  
Can't let this shit sit on your mind-frame  
You got to know when I say it I mean it  
I ain't just playin' no mind games  
You gotta understand I run the streets and shit  
'Cause that's what I'm accustomed to  
I fly you out, thousand dollar flights  
First class, just to get close to you  
Shit, like I wanna have fun with you  
Do shit I never really done with you  
You never think to spend time with me  
You give these other hoes the attention  
I pick you up to slide and vibe  
And go wherever that the money gon' take us  
Together we strong, you know them folks hate us  
So whatever don't break us, it's just gon' make us

Why you gotta be insecure?  
Keep all your friends out your ear  
How you gon' let 'em comment on your situation when they shit ain't secure  
Just to be real with you, mad ass hoes probably wish they were here
