

## Lower Level

Moneybagg Yo

I feel up, but I feel grounded at the same time  
Hey, free them guys though  
Hey

I take a sip from my oil, yellow ('Tussin)  
It pulled me down to a lower level (Sunken)  
I got some niggas on lower levels (Sunk with 'em)  
Stuck in the system, Lord help 'em  
The next time we talk man, I'm gon' tell em (What?)  
I wanna see you do more better  
Remember we slept on the floor together (Where?)  
The gutter, the bottom, lower level  
I-I got some niggas on lower levels  
Stuck in the system, Lord help 'em  
(I don't know how long you got, I don't know what the lawyer doin' with that  
bullshit)  
Remember we slept on the floor together  
The gutter, the bottom, lower level  
(Makin' pallets and shit, eatin' Cup Noodles)  
The gutter the bottom (Lower Level)

They money never changed me (Nope)  
It changed my situation (I just changed for the better)  
Got niggas in the hood, can't leave the state of Tennessee (Why?)  
They on probation (Papers)  
Word of mouth got you picked up  
No evidence in that room (What?)  
They gon' try to break you (Shh)  
Stay silent, don't fold  
They can't do shit but hold you (Under)  
72 hour investigation (That's it)  
'Member all the times I was robbin' just to come up (Come up)  
Lookin' for a lick late night 'til the sun up (Remember)  
Sippin' 'Tuss straight out the bottle, put the cup up (Yellow)  
Thinkin' bout your fuck-ups while you light the blunt up  
She barely wanted you back when you had payments  
Pink slip now, but your cars was rented  
Got booked with a record, I ain't talkin' bout Guinness  
She gon' fuck the next nigga when you get sentenced (Damn)  
I can't forget where I came from (Came from)  
It's to the point where the pain numb (Can't feel)  
Lost his dog while incarcerated  
Got to hear 'bout the funeral, can't come (What it do?)  
They broke him down to the lowest level (Lowest level)  
He gotta live with it forever (Forever)  
Closin' your eyes, it ain't no better (Why?)  
Visualizin' all the time together (Damn)

Platinum teeth 'cause I'm a platinum artist  
I can't be home with no homies  
I can't keep clutchin' this .40, I used to run in them stores  
Go ask the people, they know it  
I used to kick in them doors, nigga better give me my glory  
We used to sleep on the floor, now you don't love me no more  
I done been broke before, I done been in the rain  
Ridin' 'round spendin' and things, now I'm in Fendi and things  
Got me on Xannies and things, all I be feeling is pain  
You made me go through a phase, you made me go to a spot

Beat the odds they was all against me  
Hard to separate fake when they all friendly  
I'm in tune with reality (Yeah)  
So I never let myself get caught up in it (Nope)  
Perceivin' new haters knowin' that's comin' with it  
Be your own charge partner, nigga fuck a codefendant  
Seem like it come and find you when you tryna prevent it  
Same dude body dropped, prayed 'bout it, I'll repent it  
It 'posed to be us back to back in them Bentleys  
Instead, I'm in court seein' you behind the benches (One thing for sure)  
Your kids and them good, Mama out the hood  
You all that's missin' (Free you)  
You bein' in the can wasn't in the plan  
From the talks in the kitcken (Old talks)  
I wish I could buy the jail, set 'em all free  
Fuck it, tear down the fences (Free my niggas)
