We dealing with a love cycle (rolling 'round)
When we first met, I shot her with a rifle (straight out the clouds)
I'm a thug, so it's hard to wife her (it's hard to cuff her)

You cannot get on no regular flight
Told my niggas I don't want no advice
Taking this risk, rolling the dice

I put that glow on your face, Dr. Miami your waist

He ain't this, he ain't that
Let them bitches run they mouth (fuck 'em)
They watching yo snap (they tuned in)
Make sure you let 'em see you cashing out (bands)
I done been through some shit, but she say she been through worse
When we alone and intimate, she gon' catch it when I burst
Told her I'm cumming when she ride me, she replied, "I got there first"
I'ma claim it as I own it
Homie, vanish, this my turf (touchdown)

I can't hear you, what you say?
How long you gonna be in the studio?

I'ma be in here a lil' minute
You know I'm working on the album
I'm not going anywhere
