Moneybagg Yo

Hottest nigga in the city, no features
Bought the Aston plain jane, ain't like that, had to add some features
When them young niggas hungry they'll eat ya, they creatures
Went and ice out different pieces from shows and features
Shawty ass fat, long hair, she got features
Had to cut em off, had to stop fucking with em, they were leeches

Hottest nigga where I'm from
Zach Randolph can vouch for me
Couple labels, they done called for me
Then Gotti done called for me, CMG
Then I turnt up at birthday bash
All my fans were going crazy for me
Plenty guns, face on the news
Then I taught shit was going bad for me
They were ballin', I was in the bleachers watching
Came up on my own, how you gonna knock me?
Now I'm hot, on the stove bricks and poppei
Meanwhile, yeah your favorite rapper flopping
Diamonds dancing Chris Breezy
Lay up, yeah your bitch was easy
She say I fuck better on the tabs
Popped one, and left that pussy leaking
Fuck her like I was still squeaking
Wide emoji what she tweeting
My lil nigga be tweaking
You can get hit just for reaching
Cash out on both my cars, no leasing
I fuck with Moneybagg Yo for a reason
He be preaching

Hottest nigga in the game, no features
Bought the Lamb plain jane, \$500K, no features
Hit the bitch from the back, till she start shaking, seizures
Sucked the dick all night till I fall asleep, she got features

Nigga used to sell reefer
Then I started selling ether
If it ain't real there's no features
Yeah the bitch bad, but I'll never eat her
She respect the way I treat her
Gangsta respect how I greet em
Cuz when I'm in their city, they wanna hold me down
Give instructions, homie I don't need em
Always mobbin with my people
Young niggas ready to ride for me
Don't be talking tough in public
Then ride and go hide from me
Klio Cuban all gold, no features
Bitch going through your phone, police her
First time I got head, Naiesha
First time you got caught, homeboy snitch, ain't teach him
Hottest nigga in my city, richest nigga in the hood
Realest nigga in the game
You paying for feature you paying for the name
