See selling dope was cool  
But it ain't cool when indictment start comin' out  
Ain't cool when you trap with a nigga and if he get caught and start runnin' his damn mouth  
2 shows 1 night had to hop on a Leer  
They don't wanna see me right here  
They wanna catch me sleep without the banger, but Im never wrong out here  
Guess you mad cause I found out the real you  
Cut you off cause I ain't feel you  
Run ya mouth like a bitch do  
Talking down like I'm deaf, ion hear you  
Some shit happen at my show one time shots got fired they tried to pin it on me  
I seen this shit 'fore it happen 'fore I started winning close people started switchin' on me  
Lil bitch tried to bash me cause ian give that hoe the dick  
Mad cause I'm not the nigga that she with
