In my section we be turnt
Ain't no tellin' who you might see with me
Real niggas, model bitches
Haters on the other side and they feelin' me
Millionaires in my section
Pocket full of faces, chains on slavery
From the slums to poppin' ace of spades bottles
Like Drake, nigga we made it
Niggas slept on me like pillows
Now I pull up in that Benzo
Fishbowl, no tint on my windows
Diamonds clear, they look like windows
MIA or we at lear
Turnt up every day how we live
What's on my left wrist cost a crib

I had this foreign whip 'fore the deal
Living this lifestyle give me the chills
I was just chasing my dream, Meek Mill
I got them goons in my section with sticks
Them bitches they wanna be 'round 'cause we rich
We goin' up like a Bic, we lit
I'm fresh as fuck, someone take me a pic
I could take home any ho in this building
But I'd rather fuck a rachet bitch
