Moneybagg Yo

State to state, place to place  
You know what I'm talkin' about  
Yeah  
Hahaha  
From all around, move around

Bad bitch, she from Cali  
Fuck that bitch in my Bally's  
Got some bows from out the valley  
Ayy shout out to my woes in Cali  
Met amigo, he from Texas  
Send me bricks, told me to stretch it  
Ninety-some thou, that's a blessing  
Ayy shout out to my woes in Texas  
She called, she stuck in Miami  
I'm like what is you doin' in Miami?  
I reply like I ain't your papi  
You better make some' happen  
I'm in New York going gnarly  
Grabbed a sandwich from Arby's  
I got some hitters in Nashville  
They behind me like an adlib

You know I'm straight out of Memphis with it  
That mean I come from the gutter nigga  
I got some niggas in ATL  
I treat them just like my brothers nigga  
I got some niggas in Saint Louis  
Even though I barely talk to 'em  
I call a meeting at Sweetie Pies  
Just to catch up and see them guys  
Thirty-six up that's a white ho  
Man them bricks look albino  
I'm in Chirag in a Tahoe  
Headed out to Ohio  
I just rocked a show in VA  
They love me, they keep me on replay  
Now I'm somewhere where the Heats play (Miami)  
Man I'm Larry Live like my DJ  
Had to slide through Kentucky  
Just to go fuck with my buddies  
Them niggas with the shits, trust me  
You know they wildin' in public  
Now I'm headed back to Tennessee  
Just to record real [?]  
I took your bitch, man I'm sorry  
Bad bitch look like a Barbie, hey

Bands on me like a pep rally  
Country bitch, say her name's Sally  
Fucked the bitch in a pair of Bali's  
In Alabama with them hammers  
Kids love me, they treat me like Santa  
Bumping Doe B, sliding through Montgomery  
Let me find out your bitch love me  
I'm in New Orleans with dread heads  
Smoking Backwoods, look like peg legs  
Pitbulls, they want dog food  
Greedy niggas take y'all food  
I just did a show in Naptown  
Brought them bad bitches and them gangsters out  
Walk in the spot, they don't pat me down  
Nigga try me, that's a man down  
Shout out to both Carolinas  
Just poured a pint in a Fanta  
I ain't Desiigner, but uh  
That Audi be white as a panda  
Yellow bitch from Jacksonville, Florida  
But she moved to Savannah, Georgia  
Counter clock it 'cause she know she gorgeous  
Fucked me good so I had to spoil her
