

3 Straps

MoneySign Suede

Mhm

It's 'bout that time, nigga, I'm 'bout to take over

Ayy, they know where I stay, ayy, they know where I be at

I got big-ass straps where I be at

Nigga, I don't know you, so, nigga, where the fee at?

Niggas hate, so I'm riding with my seat back

All my niggas say they down to go and creep back

Uh, free my niggas, I just want my niggas free fast

Robbed that nigga, he a lame, that was a free bag

Y'all niggas talking 'bout things you need, you need a kneepad

She's happy, lil' nigga, don't be sad

Three niggas deep, so, nigga, that's three straps

Leave a bitch, but your stick, always keep that

Twitter finger, nigga, you probably master of the keyboard

My niggas cold, they gon' slide where you sleep at

Coldhearted nigga, do you dirty, fuck what we had

I be feeling crazy, but I'm too street to go to rehab

I just walk specific with my chain, where the P's at?

P have for Parkside, for the Park

Don't get it twisted, I don't bang, but I ain't no mark

Like TNT, fireworks, bitch, we let it spark

Nigga, don't make me start, went to take you on leash, you stayed in the car

Want me to keep it real, y'all lame niggas ain't trying hard

Everything going bad, I just caught a new charge

My niggas always ready, we on go like we charge

Suede be fucking up, but that nigga, he a star

He a star, but he don't know it

I be strapped and I be toting it

Niggas hating, niggas choking

Niggas mad 'cause I bring dough in

Bring us pressure, I could pole it

Take a flick so I could post it

I be fly, these niggas cloning

How you thought I wasn't gon' notice?

We the flyest in the room

I'm on parole, I'm still a goon

These real diamonds, you could assume

If I want it, I'll get it soon

I'm in the county with the spoon

Spice, dominos, I need two

Ayy, only if you knew

Baby, this life, shit ain't cool

I'm eating good, no more bologna

In my city, I'm a trophy

I just wanna fuck, then fade away like Kobe (Like Kobe)

The Rollie's mine, I feel like Tony

Before you come and try me, ask around, you gon' know me
