Going to the top and I ain't tryna fall
It's just something bout a nigga I was born to ball
They big mad they ain't wanna see a nigga on
I kept going I ain't stop when they did me wrong
I'm going to the top and I ain't tryna fall
It's just something bout a nigga I was born to ball
They big mad they ain't wanna see a nigga on
I kept going I ain't stop when they did me wrong

The way a nigga live they big mad
I don't got a six pack but I got 6 pack
I be taxing for a feature I need 6 racks
Like if you ain't talking money I won't chit chat
I got Scum on the beat it's a problem
Real nigga really came from the bottom
I got a 40 no nigga gon rob us
Laudiano why these niggas tryna jock us?
Niggas brag on my style like I'm gone
I be ridin with a gun but I ain't saying I'm a thug
I'm on parole I see a cop but I'm like go on the run
I was gone for a minute I hope y'all niggas had fun
I was blue'd up like a dodger
Shorty said she love me how tf she love a robber
I been on the road my bitch mad I don't call her
I'm sorry baby I'm just tryna be a baller
Same people showing love be the same ones
Same ones that gon try when that day comes
Ain't nobody really make it where a nigga from
Never respect a young nigga cause I get it done

I'm going to the top and I ain't tryna fall
It's just something bout a nigga I was born to ball
They big mad they ain't wanna see a nigga on
I kept going I ain't stop when they did me wrong
