

Fallin Apart

MoneySign Suede

Parkside, baby nigga

Yeah

I'm 'bout to turn myself in and shit

Fuck it though

HP consequences and shit

Feel like I'm falling apart

Everything I do, I do it big. I do it large

I ain't tall but I been reaching for the stars

I'm in the hills. Came a long way from the park

You can do it too. Just start

I know how it be. Life is hard

It wasn't always sunny. It been dark

Been through hell and back

I'm always tryna spark

I been through hell and back

Feel like I'm falling apart

I'm about to do some time, but I'm straight

I'm, I'm 'a come out to some cake

Is my shorty gon' stay?

Tell me why I fell like she gon' play?

I be telling my people, "Don't you cry."

I just gotta do my time

I'll be home soon

I'm sorry, mama. I'm a whole goon

You was thinking about your homework

I was thinking about a lick

You was walking with a dog

I was walking with a stick

I always had a dream

I was always thinking big

Fuck a "9-to-5"

A nigga tryna go get rich

If yo wanna live like me, boy, you gotta take a risk

Remember having no food in the fridge

I ain't talking 'bout a riot

But I ain't never had no lick

I had to go and make it happen

'Cause, nigga, life a bitch!

Everything I do, I do it big. I do it large

I ain't tall but I been reaching for the stars

I'm in the hills. Came a long way from the park

You can do it too. Just start

I know how it be. Life is hard

It wasn't always sunny. It been dark

Been through hell and back

I'm always tryna spark

I been through hell and back

Feel like I'm falling apart

Feel like I'm falling apart

Feel like I'm falling apart
