Ayy, niggas say they real, then they change up
I'm thinkin' 'bout my niggas still chained up
Some niggas mad I got my plays up
I had to go and change my ways to get my cake up
Ayy, niggas say they real, then they change up
I'm thinkin' 'bout my niggas still chained up
Some niggas mad I got my plays up
I had to go and change my ways to get my cake up

When I was down, you was shinin', this my fuckin' turn
Bitch bad, but I don't like how she a fuckin' burn
This life, you gotta know how to live and learn
Before you care about them, care about you first
Ain't nobody got your back, you gotta get that through
Them niggas ain't really your niggas, you gon' see it too
Your bitch ain't really your bitch, she gon' fuckin' choose
Suede, he crazy, sad but true, he got loose screws
My mind fucked up, but you don't understand
I came a long way, I used to run with ladies' bags
Think your life is good? Lil' nigga, I'll make it bad
Lil' smile on your face, lil' nigga, I'll make you sad
They ask me if I'm good, I say I am, but I'm not
Free the homies in the box watching the clock
Niggas say they real, but they fake, oh, God
They ain't wanna see me at the top

Ayy, niggas say they real, then they change up
I'm thinkin' 'bout my niggas still chained up
Some niggas mad I got my plays up
I had to go and change my ways to get my cake up
Ayy, niggas say they real, then they change up
I'm thinkin' 'bout my niggas still chained up
Some niggas mad I got my plays up
I had to go and change my ways to get my cake up
