

Get It Done

MoneySign Suede

I don't do no talkin', I just wanna get it done
I got your homie in my lungs
Thirsty-ass niggas, my bitch 'bout to set you up
You wanna play with me, I'll have your people prayin' up
You can hate, I don't care 'cause I don't know you
But I ain't 'bout to let you play, I been told you
I'm in the studio but, uh, I'm on go too
I wanna slide on a nigga, but I should focus on Pro Tools

Ain't nobody was around when it was free me
You wouldn't even last if you could be me
You better get your girl, oh my gosh, she wanna eat me
I got a big gun, I remember playin' with BBs
Bitch, I came from nothin', I'ma flex my VVs
Suede just dropped, put the music on the TV
Bitch, I came for nothin', always wanted Lamborghinis
This time closed my ex, she mad she couldn't keep me
They like, "Keep on rappin' and hop on TikTok"
They're like, "Why you wanna see a body flip-flop?"
I'm an asshole, I don't wanna lip lock
I just wanna fuck the one who love, fuck what a bitch thought
Yeah, your girlfriend, she a thot, why you want to be a hero?
I ain't have shit, had to start from zero
I got bullets for a Deebo, you ain't me, though
These niggas only rap, they don't do nothin' illegal

I don't do no talkin', I just wanna get it done
I got your homie in my lungs
Thirsty-ass niggas, my bitch 'bout to set you up
You wanna play with me, I'll have your people prayin' up
You can hate, I don't care 'cause I don't know you
But I ain't 'bout to let you play, I been told you
I'm in the studio but, uh, I'm on go too
I wanna slide on a nigga, but I should focus on Pro Tools
