Hey, Alfonso

I just passed through the new bridge
In a "foreign"-windows down-with my two stick
I don't really like to talk. I just do shit
I don't even got to trap. I just move it

If you been through what I've been through
So, you don't feel my pain
I gotta strap up all the time. Little PSA
I be living fast like I don't care, like GTA
I'm 'a keep it real 'til I die. It's in my DNA

You got a problem
Better tell me 'cause I'm 'a bring it up
I done a lot of shit. Ask around. They wanna lit me up
These niggas mad over some love. I wasn't giving up
Niggas wanna smoke so bad. Then I'm 'a give 'em some

I been talking 'bout the streets. It been hectic
So, I don't want you in my life, if you're headache
Niggas wanna plot. Shake 'em up like Nesquik
She ain't gon' tell you but she know I got the best dick

He ain't gon' tell you but he know that I'm a joint
I'm 'a stand on what I say. I'm 'a always prove my point
I got a family. I ain't tryna disappoint
Shouldn't you be happy for the nigga making noise?

She ain't never gonna change. The hate ain't gon' stop
It's part of life. You don't get it 'til you rot
Don't be hater 'cause hate gon' get you popped
Go ask that nigga. Never mind he in a box
