

Temptations

Mónica Naranjo

Not sure we know the meaning
Or if it's just a feeling
I thought you were the one
Temptation's all around

Now all my thoughts are secrets
I can't deny my feelings
Not sure you're still the one
Temptation's all around

Love's temptations
You heal my soul
You give me all your love
(Damn infatuation, love you baby, love you not)
(Damn infatuation, love you baby, love you not)
I'm craving lust
My heart is bleeding your love
(Damn infatuation, love you baby, love you not)
(Damn infatuation, love you baby, love you not)

Well if we wanna make it
The real kind can take it
Try not to let you down
Uooh, pleasure's all around

Love's temptations
You heal my soul
You give me all your love
(Damn infatuation, love you baby, love you not)
(Damn infatuation, love you baby, love you not)
I'm craving lust
My heart is bleeding your love
(Damn infatuation, love you baby, love you not)
(Damn infatuation, love you baby, love you not)

Love's temptations
You heal my soul
You give me all your love
(Damn infatuation, love you baby, love you not)
(Damn infatuation, love you baby, love you not)
I'm craving lust
My heart is bleeding your love
(Damn infatuation, love you baby, love you not)
(Damn infatuation, love you baby, love you not)
(Damn infatuation, love you baby, love you not)
(Damn infatuation, love you baby, love you not)
