Da da, da da da  
Da da da da da da da, da

I got friends, baby  
Just like you (Just like you)  
They don't understand (Understand)  
What we going through (We going through)  
We can go back and forth  
That's how we do (That's how we do)  
They gonna see it when it's  
Just me and you (Just me and you)

I got your back, yeah (I got your back)  
You got my front, yeah (You got my front)  
That's how we love (That's how we love)  
We do what we want (Do what we want)  
They don't notice all the little things (Notice all the little things)  
And everything you do (Everything you do)

That's why I love you, darlin'  
(I love you darlin', yeah)  
And there's nothing they can do about it, baby  
That's why I love you, baby (Love you, baby)  
And there's nothing they can do about it, baby  
(Do about it)  
I love you, baby (Love you, baby)  
And there's nothing they can do about it  
(Do about it, baby)  
Baby, baby (Baby)

Okay, ooh  
Now we on the same page, whoa  
We ain't gonna talk 'bout this no more  
It ain't even worth it for you  
To be upset  
Times like this we'll regret  
Don't say that you're over it at all  
Lil' shit turn to big shit if we let it  
Said I love you more than a little bit  
And I meant it  
Look you in your eyes when we make love  
And I was sincere, ooh  
I love you, darlin'  
Know I love you, baby  
Just for being you, you

That's why I love you, baby  
(I love you, baby)  
Yeah I love you, darlin'  
(I love you, darlin')  
And there's nothing they can do  
(Nothing they can do)  
Nothing they can do  
That's why I love you, baby  
I love you, baby  
I love my baby, I love you  
And there's nothing they can do

(Yeah)

You know I love you, baby  
(You know)  
You know I love you, baby  
(You know)  
You know I love you  
And there's nothing they can do

(Whoa, you know)  
You know I love you, baby  
(I love you, baby)  
You know I love you, baby  
(I love my baby)  
And there's nothing they can do  
(Nothing they can do, woo)  
You know I love you, baby  
(I)  
You know I love you, baby  
(I love you, you, you, you, you, you, you, you)  
You know I love you  
(You know)  
And there's nothing they can do

I got friends, baby  
Just like you  
They don't understand  
What we going through  
I got friends  
Like you, like you, like you
