Ah, yeah, ah, yeah
Got good, you good
Am good, the Suga
Got good, we good
Get them girl...ah

Ignore the mood, you don't have to be afraid to play
Ignore the mood, less talking in the more direct
Ignore the mood, you ain't got to say nothing
Nothing, nothing, nothing
You rule the crew, you use to tell me everything
Show me what am missing, show me what am missing
Make me a believer, show me what am missing
(Show me what am missing)
Make me a believer, 'cause I know I got you hook (got you hook)
