

## U Should've Known Betta

Monica

I didn't ask to go with you to Mexico  
I really didn't need the shopping spree  
In L.A. or Melrose, boy if you didn't know it, well, now you know,  
I didn't need the furs or the jewelry  
Because material things they don't mean much to me  
And ever since you've been gone  
I have been holding us down on my own

I never ever cheated  
I never ever lied  
So you can stop asking, asking me why  
Why I never left you, and why I kept it real  
And why I'm still with you

You should've known better than to think I would leave  
You should've known better than to doubt me  
It don't matter if you're up, matter if you're down  
Either way I'm gonna be around  
You should've known that I would stay by your side  
You should've known your girl was gonna ride or die  
And it just don't matter if ya rich or poor  
Out or in doing 5 to 10  
You should've known better

What makes you think that I would forget about you  
Think about it who comes to see ya  
Every Saturday and Monday I was on that receiver  
It's me your girl your life your world  
My family and friends they just don't understand  
They say I should leave you alone  
But I say that they all should just leave us 'lone  
Don't u get it
