

Bloodmoon

Mono Inc.

You are clean
You are sweet
You are all I ever wanted
Come to me
You are soft
You are so kind
You are all I ever needed
To feel precious and alive

I feel love and I feel high
How do you feel? I feel love
And love's divine
Bloodmoon shine
Come and light me
Come melt away the day
Let me love you
Love you in every way
Before this night is over
I know that you'll be mine
Do you see the Bloodmoon shine?

No more tears
No more lies
No more waiting to exhale anytime
You are good
You are truth
You are all I ever wanted
Salvation from my ruth
I feel love and I feel high

How do you feel? I feel love
And love's divine
Now you can see the bloodmoon shine
