

## Burn Me

Mono Inc.

Here comes the sun  
And I am freezing  
Here comes the sun  
I'm in the shade  
Here comes the crime  
And I'm the victim  
Here comes the truth  
There goes my fudge

I want your light to pain me  
I want your strength to make my day  
I want your beam to melt my mind

Before the dawn

Burn me

Here comes the sun  
And I'm defenceless  
Here comes the sun  
And I undress  
Here comes the joy  
And I'm addicted  
Here comes my healing  
There goes disease
