

Don't Let It Go Wrong

Mono Inc.

I saw the red of roses and
I saw them turn to grey
I met the ghost of happiness
And I saw it fade away
Yeah, it all turned up to vanish then
in the deep
Oh, it's always been so out of reach
for me

But I pray for a miracle,
pray for the best
Hope for the sun to shine on us,
hey, fuck the rest
Don't let it go, don't let it go
I pray for a stairway from
here to the stars
Hope for the rain to wash
the layers off our hearts
Don't let it go, don't let it go... wrong

I heard the words of mentalists
And felt the blaze below
Been on my knees and prayed to God
Oh, but God said, "No"
Yeah, it all turned up to vanish then
in the deep
Yeah, it's always been so out of reach
for me

But I pray for a miracle, pray for the best
Hope for the sun to shine on us,
hey, fuck the rest
Don't let it go, don't let it go
I pray for a stairway from
here to the stars
Hope for the rain
to wash those layers off our hearts
Don't let it go, don't let it go... wrong

Don't let it go wrong
Yeah

So, I pray for a miracle, pray for the best
Hope for the sun to shine on us,
hey, fuck the rest
Don't let it go, don't let it go
Yeah, I pray for a stairway from
here to the stars
Hope for the rain
to wash those layers off our hearts
Don't let it go, don't let it go... wrong
