

I sit alone inside the shadows
I dream about my fate unknown
I gave my best but its all over now
I wanna go
To paradise below

Sweet Euthanasia
You can rest now my dear child
come with me
Sweet Euthanasia
For the two of us its time
To be free

I feel the weight upon my shoulders
I hold your picture in my palm
I gave my best but its all over now
I wanna go
To paradise below

Sweet Euthanasia
You can rest now my dear child
come with me
Sweet Euthanasia
For the two of us its time
To be free

Sweet Euthanasia
You can rest now my dear child
come with me
Sweet Euthanasia
For the two of us its time

Sweet Euthanasia
You can rest now my dear child
come with me
Sweet Euthanasia
For the two of us its time
To be free
