

# In My Darkest Hour

Mono Inc.

I'd like to thank you sweetheart  
I've never felt so good  
I asked you to believe in me  
but never thought you would  
be with me when I'm breaking down  
and warm me for a while  
but nothing's made forever oh no  
So kiss me dear  
before we say goodbye

And today will stay  
forever in my mind  
On all my ways  
and all my darkest doubts  
I'll dream back here  
so say goodbye

Cause tonight will stay  
forever in my head  
for all my life  
and all those painful days  
I swear i won't forget

I'd like to thank you sweet love  
for your benignancy  
It's been a while to starting out now  
It's been a fight for me

Oh truly when i look at you  
I see the reasons why  
I gotta take the outbound bus  
so sing with me  
before we say goodbye

Cause today will stay  
forever in my mind  
On all my ways  
and all my darkest doubts  
I'll dream back here  
so say goodbye

Cause tonight will stay  
forever in my head  
For all my life  
and all those painful days  
I swear i won't forget

I'd like to thank you sweet love  
I've never felt so good  
I asked you to believe in me  
but never thought you would  
Be with me when I'm breaking down  
and warm me for a while  
but nothing's made forever oh no  
So kiss me dear  
before we say goodbye

And today will stay  
forever in my mind  
On all my ways  
and all my darkest doubts  
I'll dream back here  
so say goodbye

Cause tonight will stay  
forever in my head  
for all my life  
and all those painful days  
I swear i won't forget  
I won't forget
