

## In the End

Mono Inc.

Do you feel good now  
now that I'm gone  
so was it all right for you  
or was it all wrong  
I couldn't feel you in here  
I couldn't feel you in here  
in the end

Do you feel freed now  
now that it's past  
or do you think back of me  
and all the words that you've choked  
or what killed it at last  
I couldn't see you in here  
I couldn't see you in here  
in the end

Now all we know  
is all we've learned  
endless love is followed by hurt  
and all we've built up just went down the drain  
cause of all we've fired  
and all we've torn  
there's no life left after the war  
and all we fought for wasn't worth the pain

Do you feel safe now  
now that you're alone  
where no one else ever comes  
in this place of frustration  
in this place I called home  
I couldn't find you in here  
I couldn't find you in here  
in the end

So do you feel freed now  
or do you feel save now  
or do you feel spent  
so was it all right now  
or was it all wrong now  
in the end  
So do you feel good now?
