

Not Like Me

Mono Inc.

We don't drive the same cars
We don't watch the same movies
We don't like the same tunes
You don't know but the truth is

No, I'm really not like you
I'm not like you

We're not two of a kind
Nowhere tied to the same star
We don't dream the same dream
Sad but true as the facts are

No, you're really not like me
You're not like me
I'm really not like you
I'm not like you
You're really not like me
