

Saving You

Mono Inc.

If you think that I will hold you
I ain't holding you
And if you think that I will feel you
I ain't feeling you
And you hope for me to taste your sweetest lie
I ain't tasting you

If you think that I will feed you
I ain't feeding you
And if you think that I will touch you
I ain't touching you
And you hope for me to hear your scream at night
I ain't hearing you

And you think that I will hurt you
I ain't hurting you
And you pray that I would spare you
I ain't sparing you
And you hope for me to kiss you when you leave
I ain't kissing you

If you think that I will hold you
I ain't holding you
And if you think that I will feel you
I ain't feeling you
And you hope for me to save your sorry life
I ain't saving you
