

The Last Waltz

Mono Inc.

I wanna wade your sea
I wanna name your source
I wanna touch your ceiling
I wanna change your course
I wanna turn your big wheel
I wanna shift your view
I wanna feel your last breath on my skin and leave with you

For a last waltz
Just before you go
A last waltz
And then you leave me
I know

I'm gonna break your silence
I'm gonna shape your glance
I'm gonna train your motions yes I'll do
I'll make you dance

For a last waltz
Just before you go
A last waltz
And then you leave me
I know

Come alive come close come here
Into my arms my dear

For a last waltz
