

Two Sinners

Mono Inc.

We're one mouth
And one drift
We're one move
And one gift
We're one sweat
And one will
But two sinners

We're one push
And one breed
We're one yell
And one seed
We're one crush
And one will
But two sinners

So let it out tonight
Out here
So let it out tonight
Enjoy my dear

One heart
One beat
One blood
Two sinners
That's all we are

One touch
One greed
One flood
Two sinners
That's all we are

We're one world
And one hand
We're one wish
And one brand
We're one moan
And one will
But two sinners

We're one tear
And one steam
We're one bunch
And one stream
We're one cell
And one will
And two sinners

So let it out tonight
Out here
So let it out tonight
Enjoy my dear

One heart
One beat
