

Wave No Flag

Mono Inc.

Don't be afraid of the monsters
Don't be afraid of the dark
Don't be afraid of the future
Cause i'll be here to be the shield around your heart

If you'd go down, if you'd fall
I'll be falling down with you
Won't regret, won't reset
Cause love's around

If you'd drown down, if you'd break
I'll be breaking down with you
Won't look back, wave no flag
Cause when you drown
I will drown with you
I will drown with you

Don't be afraid of the sunrise
Don't be afraid of the saint
Don't be afraid of the judgement
Cause i'll be here to back you up along the way

And if you'd go down, if you'd fall
I'll be falling down with you
Won't regret, won't reset
Cause love's around

If you'd drown down, if you'd break
I'll be breaking down with you
Won't look back, wave no flag
Cause when you drown
I will drown with you
Yeah
I will drown with you

If you'd go down, if you'd fall
I'll be falling down with you
Won't regret, won't reset
Cause love's around
Yeah
If you'd drown down, if you'd break
I'll be breaking down with you
Won't look back, wave no flag
Cause when you drown
I will drown with you
I will drown with you

And wave no flag.
