

# Dancing With The Devil

**Mono**

I was blind to see  
I was risking my life  
At the edge of the time  
I was loosing my mind  
No one else to find  
I was feeling so lonely and I  
I gave myself to the dark  
'Cause I was looking for my light  
You can call me insane  
But I call it an insight  
You can say whatever  
But I'm dancing with the devil  
You can call me insane  
But I call it an insight  
You can say whatever  
But I'm dancing with the devil  
De - de - de - de - vil  
De - de - de - de - vil  
Once I felt so week  
I needed the stregh to don't give up  
I was so high and I see  
That someone came for me that night  
She turns all the lighths out  
And embraced my sould so tight  
She said "this is one in a lifetime"  
That was the best that ever happend in my life  
You can think that I'm insane  
But I needed it inside out  
You can say whatever  
But I'm dancing with the devil  
You can think that I'm insane  
But I needed it inside out  
You can say whatever  
But I'm dancing with the devil  
But I'm dancing with the devil  
De - de - de - de - vil  
De - de - de - de - vil  
So you must see  
She is so demanding  
She can set me free  
But then, she can kill me  
You can call me insane  
But I call it an insight  
You can say whatever  
But I'm dancing with the devil  
You can think that I'm insane  
But I needed it inside out  
You can say whatever  
But I'm dancing with the devil
