

Avalanche

Monolink

An avalanche has shaken me
Through the flesh I wear
A simple word will break them loose
The burdens that we bear
The roaring sound is only heard
By those who kneel inside
Surrender to the inner voice
Break down upon my pride

Into the avalanche
Into the avalanche
Again
Into the avalanche
Into the avalanche
Again

An avalanche has taken me
I'm giving up control
The space around is closing in
A calm I've never known
The beat of sound is coming down
I can feel it all inside
Surrender to the inner force
Surrender as I dive

Into the avalanche
Into the avalanche
Into the avalanche
Again

Into the avalanche
Into the avalanche
Into the avalanche
Again

This is your final chance

Into the avalanche
Into the avalanche
Into the avalanche

Into the avalanche
Into the avalanche
Into the avalanche
Again

Into the avalanche
Into the avalanche
Into the avalanche
Again
