

Mesmerized

Monolink

You got me mesmerized
Tethered in two
Your pale brown eyes
Say something new uh uh uh uh

Keep telling myself I shouldn't care uh uh
Oh but I cannot help but stare

Rip me in, show me worlds
That I've never seen
Falling for all that's you
Or all that you seem uh uh uh uh

It's dragging me down, you're light as air uh uh
I take a step in but nothing's there

Down here it's down to gravity
Black holes got nothing on me
Down here it's down to gravity
Black holes got nothing on me

Down here it's down to gravity
Black holes got nothing on me
Down here it's down to gravity
Black holes got nothing on me

Down here it's down to gravity
Black holes got nothing on me

You got me mesmerized
Lightning in June
Scared as I scan the skies
For a glimpse of you uh uh
