

## Powerful Play

Monolink

Come closer all people wherever you are  
For the song that I'm singing's about to start  
Come closer all people wherever you stand  
When a new day begins sure another must end

Cause all that's living  
Is just briefly passing by  
All that matters  
Is right here in front of your eyes

And that the powerful play goes on  
That the powerful play goes on  
That the powerful play goes on  
And that the powerful play goes on  
That the powerful play goes on  
The powerful play goes on  
And cannot be undone

Cause all that's living  
Is just briefly passing by  
All that matters  
Is right here in front of your eyes

And that the powerful play goes on  
That the powerful play goes on  
That the powerful play goes on  
And that the powerful play goes on  
That the powerful play goes on  
The powerful play goes on  
And cannot be undone

Come closer all people wherever you are  
For the song that I'm singing's about to start  
Come closer all people wherever you stand  
When a new day begins sure another must end

And that the powerful play goes on  
That the powerful play goes on  
That the powerful play goes on  
And that the powerful play goes on  
That the powerful play goes on  
The powerful play goes on  
Cannot be undone
