

## Your River

Monolink

If I told you I'd go with you  
From home, I can go back to  
If I told you I can see myself in you  
If I told you that the way you move  
I'm floating just watching you  
If I told you I can see myself through you

Take me down your  
I wanna drown in you  
My body starts to shiver  
As I step into you  
Take me down  
My body starts to shiver

Take me down your river  
I wanna drown in you  
My body starts to shiver  
As I step into you  
Take me down your river  
My body starts to shiver
