

## Glaive (It's All The Same)

Monolord

You had it all, it kept you awake  
Feeling so small, it kept you in shape  
It's all in your head, it's just a game  
You try something new but it's all the same

There's nothing new for you to try  
It's all the same  
It's all the same  
It's all the same  
It's all the same

I've seen it all, it's in your fate  
You better get out before it's too late  
Don't show your faith, we don't speak his name  
It was all you, it wasn't me

You keep on watching, smile in disguise  
Sit back and relax while others, they fight  
No truth in your voice, no pride in your name  
It was all you, it wasn't me

There's nothing new for you to try  
It's all the same  
It's all the same  
It's all the same  
It's all the same  
It's all the same  
It's all the same  
It's all the same  
It's all the same
