

Push Up on Me

Monrose

Ah ah ah ah ah...

I like the way you push up on me (3x)

Ah ah ah ah ah ah...

Oh my Selecta's got the spot up on fire
Spinning all the joints that make me wanna wind
Yes me ready show ya how me mash it one time
It's about to get dangerous,
The rhythm got ya girl right here open,
So island man can you danle this
Gimme a lil taste oh what u gonna do
Boy I wanna feel you move,
Grind it up,
Let me feel the truth
Work me slow and drop it low
And break me off

Don't know what I do without ya baby
Can't afford to leave from this club without your name
And number up on this card,
So call me
Twirk it,
I like the way you push on me

Ohh wee, you look so right it's kinda scary,
Ya whole get up, ya swagger daddy - OH
Yes you papa boy come now push up on me
It's about to get serious
Something in my way my UH
Got you rocked so island man hurry hit the sopt
Don't take long I'm waiting on you
Boy I wanna feel you move,
Grind it up, let me feel the truth
Work me up and slow and drop it down low
And brak me off

Don't know what I do without ya baby
Can't afford to leave from this club without your name
And number up on this card,
So call me
Twirk it,
I like the way you push on me

I got ya posted up on the wall right were I want you
Your bodies caught in the motion
I'm workin my spell on you
It's even hotter when we get closer
You wanna stay here 4ever

But I already know

Don't know what I do without ya baby
Can't afford to leave from this club without your name
And number up on this card,
So call me

Twirk it,
I like the way you push on me
